WHO WE ARE

Saint Louis Christian College

MISSION STATEMENT

“Saint Louis Christian College pursues excellence in the Word and develops servant leaders for urban, suburban, rural and global ministry.”

CORE VALUES

Bible Knowledge - Saint Louis Christian College is a Bible college where every baccalaureate graduate pursues a major in Biblical and theological studies. The Bible's message informs our understanding of the purpose and predicament of human life, the history of the world, the nature and mission of the Church and the nature and goal of ministry. (II Tim 3:16-17)

Christian Character - Saint Louis Christian College believes that servants of Christ must live by the example and teaching of Christ. We believe that the classical virtues of wisdom, courage, self-control, justice, faith, hope and love are exemplified by the life of Christ. He, in perfect humility, taught us first to love God and then to love our neighbors as ourselves. The College's Code of Student Conduct reflects and encourages these values, as do our hiring practices and academic programs. (John 13:15)

Ministry Skills - Because our graduates are called to be servant-leaders in their chosen fields of ministry, they possess the skills to relate to people of many backgrounds, the heart to serve them in their brokenness and the judgment to effectively apply the Scriptures to life's diverse situations. Students are challenged and helped to identify and develop their spiritual gifts and are placed in settings to practice those gifts skillfully. (I Peter 4:10-11)

Christian Worldview - A broad base of academic knowledge is fundamental to becoming an educated person who effectively reasons and interacts in society. At the center of a Christian view of life and the world is the proposition that humans and the universe in which they live were created by the God who has revealed Himself in the Scriptures. God is the source of all truth, not just religious truth; and the Bible provides the basis for the ordering of all knowledge. The curriculum at Saint Louis Christian College integrates thought and life across a broad academic range and fosters in students a lifelong appreciation for the independent value of knowing. (Proverbs 1:7 and Luke 2:52)

Christian Community - Saint Louis Christian College is a diverse community of believers united by Christ in mission and purpose. The intimacy of our campus provides a unique atmosphere for developing lifelong relationships. However, our community extends beyond the boundaries of our campus and into the city in which we live, the church that we serve and the world we want to reach. (Acts 2:42-47) (See also Romans 12:4-8 and Ephesians 4:11-13)

LIFESTYLE EXPECTATIONS

Reflecting the lifestyle modeled and commanded by Jesus Christ- Since He is Lord, and His Word is truth, then His life and His commands should become our goal. Saint Louis Christian College expects all students, whether full-time or part-time, whether on-campus or commuter, to live by standards in harmony with the life and teaching of Jesus Christ.

Rejecting the lifestyle characterized by the world- Saint Louis Christian College students agree to abide by a lifestyle commitment to avoid the use or possession of alcoholic beverages, illegal drugs and tobacco products; to refrain from pornography, profanity, dishonesty, sexual immorality, unethical conduct, vandalism and immodest dress.

Respecting the Lord and each other- Saint Louis Christian College expects all students to demonstrate respect for the Lord by worshipping with him each Lord's Day. Servants of the Lord seek opportunities to serve Him outside the Saint Louis Christian College community. Respect for each other is demonstrated by avoiding sexual, racial or ethical discrimination or harassment.

Notes...

Ministry Advancement Program (M.A.P.) Saint Louis Christian College

As part of SLCC's academic programs to prepare students for a lifetime of ministry, students are enrolled in the Ministry Advancement Program (MAP) every semester they are in attendance at the college. The MAP program is graded on a pass/fail basis and will appear on student transcripts. Participation in the Ministry Advancement Program is required for graduation.

The Ministry Advancement Program consists of three separate areas of development in the lives of students. They are: Character Development, Community Development, and Church Development. Students are involved in activities in each of these developmental areas every semester.

Character Development: Each student will grow in his or her personal maturity in Christ through chapel, discipleship groups, on-campus work positions and self-discovery exercises. The personal interaction provided in discipleship groups and the campus work program is a hallmark of the MAP program, helping us build personal relationships with our students. This relational component enables us to design individualized learning experiences which accommodate and enhance each student's personal gift mix, personality and spiritual formation needs.

Community Development: Each student will develop a growing attitude of servanthood in the college and larger community. This will include on-campus service, community service and involvement in various campus student organizations (athletics, student government, etc.). The program also includes experience in a variety of community settings (urban, suburban, and rural).

Church Development: Each student will grow in his or her ability to lead in the church. This will include ministry in the church and/or para-church organizations and may also include college outreach teams (music groups, camp teams, supply preaching, etc.).

Students are evaluated on the extent to which they have accrued the appropriate number of points in each of the developmental areas, as well as on meeting attendance requirements for participation in all aspects of the program (e.g., chapel, small groups, Lab Week, and Leadership Intensive Week). Because the faculty and administration take MAP participation very seriously, the penalties for failing MAP are rather severe (possible penalties include suspension or postponed graduation). We have designed the Ministry Advancement Program to be one of the key pieces for equipping our students for service, and further believe it is an indicator of a student's servant attitude.

The Ministry Advancement Program is based on a service learning model. By serving on campus, in churches, and in community organizations students gain practical ministry experience. At some phases of the program, the service commitment can average five or more hours per week. It is important to keep this in mind when planning course schedules and other time commitments. This service will be a vital learning link between the classroom and students' ultimate ministry goals. Upon graduation, students will have experienced a variety of guided and self-directed ministry activities and will be well-equipped for the ministries to which they are called.
